# 1 PROJECT OVERVIEW

## 1.1 Introduction

Golf Surprize is a new, one of a kind valuable tool for golf events, golf course operators and driving ranges. Instant loyalty, instant databases, instant feedback from customers always with instant revenue. By offering golfers the opportunity to instantly earn credit to spend with you for ANY shot, not just the good ones, a higher priced green fee becomes more valuable. Imagine your current full price green fee as the low price point and selling out.

Golf Surprize values the hard work golf course operators and their teams dedicate to creating unique customer experiences, and firmly believes Golf Surprise makes playing golf more fun and more enjoyable.

Golf is first and foremost about having fun, not just about getting better all the time. Staff only need to enter the customer mobile number, which results in an average spend of 2.6 times the prize amount.

Golf Surprize is creating a wave of innovation for the industry and already has products patented in the United States and other countries with more than 300 courses and growing. Golf Surprize has been an official licensee of the PGA of Australia and is currently the Official Instant Rewards Partner of the National Golf Course Owners Association (NGCOA) in the U.S.

**There are two website been created:**  
for social play and for handicap play.

1. The website named **targetscore.com** is for the golfer with a GA handicap playing in a club competition .  
The golfer purchases the target score and reveals their target score before the tee time.

A target score is between 34 and 41 points and is randomly generated as is the prize amount.

Golfer play's the club competition and then the club certifies player score and if their target scores equal or exceed they get the prize

**There are two-step to get the target score:**

step 1: golfer enters the phone number and purchases the target score.

step 2: After getting the target score they can reveal their target scores and they can go out and play in an official competition and claim their prize.

2. The other website is for the social play named **golfsurprise.com** where players who are associated with the club enter the mobile number, answer the randomly generated questions and win the prize they can also get the information of the upcoming events this website also provide players to do the booking of a time slot for a play for a particular day.

## **TARGET SCORES**

A Target Score is a score to equal or beat to win credit to spend at the course. This product is for handicap play and tournaments. The challenge of playing golf is not only about beating other golfers all the time, it's also about beating your handicap ability and the course.

## **1.2 Main Objectives**

Developing a website that provides a great opportunity for the golf business in terms of:

- marketing
- customer acquisition
- helps golfers to get a review of the platform.

## **1.3 User Roles**

### 1. End User

The end user will be the one who is a player at Golf Surprize. They will play on the ground and register on a website, reveal target scores and earn money.

### 2. Admin

Admin of the system monitors the backend, with ability to manipulate , add/remove/delete user, pack assigned, players, competitions, entries, manage messages, contacts, winners and many more functionalities.

## **1.4 Goals**

1. Need to retain new golfers to the game.
2. Maintain the price integrity.
3. Stimulate players' loyalty.
4. Make the golf experience more fun and more enjoyable.

## **1.5 Functional Requirements**

### **1.5.1 End User Requirements**

1. User Interface
  1. Home page
  2. Club Log in page(for win.golfsurprise)
  3. Recent Target Score Entries page
  4. Manage page(backend for Admin)
    - Master Login
    - Country Login
    - Distributive Login
    - Forgot Password page
2. Should be able to register with mobile number as unique identity
3. Should be able to purchase TS and reveal them.
4. Navigation Bar which includes links for:
  1. Home
  2. Winners
  3. Live entries
  4. Contact US
  5. FAQ
  6. Spend
  7. Blog
  8. How it works?
5. Should be able to claim the reward.
6. Should be able to gift the TS to friends/other players.

### **1.5.2 Admin Side Requirements**

1. Admin should be able to login and manipulate the backend functionalities.
2. Admin should be able to assign packs.
3. Admin should be able to add a club

### **1.5.3 Hardware/Software Requirements**

Computer/Laptop with any OS(PHP 7.0+ version support): supports all browsers

## **1.6 Non-Functional Requirements**

### **1.6.1 Security**

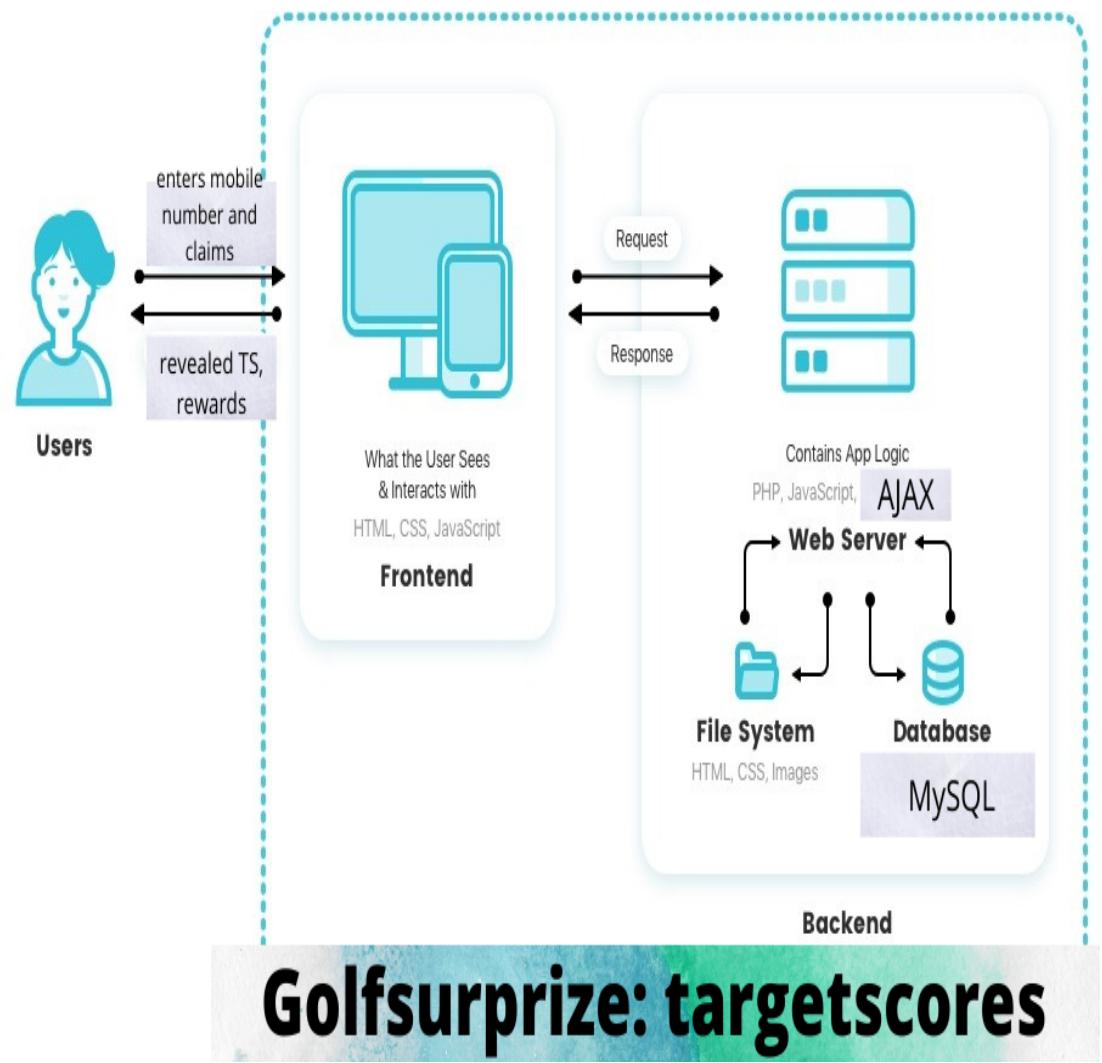

- Authentication: Login must be done using the correct admin username and a password. Once logged in successfully JSON based web token authentication will be done unless the user logs out.
- Authorization: Authorization will be role based. Users of the application must be granted with specific privileges to perform some specific actions. Admin will be granted separate privileges which a user doesn't get access to.

### **1.6.2 Accessibility**

The website is developed in PHP, JavaScript, CSS, HTML. This allows the website to run on multiple platforms such as Android, iOS, etc.

## 1.7 Proposed System

### 1.7.1 System Architecture

## **1.7.2 Scope**

### **1.7.2.1 Initial Scope**

Initially, the project was able to reveal target scores, draws, gifts and referrals are managed in the website. And also will be making changes to win.golfsurprise and a complete flow for the target scores website to let the players play on ground and on website reveal, beat the target score and claim and win the rewards upto \$500.

### **1.7.2.2 Final scope for this semester**

Finally, the scope of the project for our 6-month internship sums down to development on completely two websites for “GOLFSURPRISE”. Target Scores site we developed and deployed successfully from start and will continue adding and changing features as required by the client. The referrals, draws and first TS features were added but removed now as the clients requirement.

And win.golfsurprise was developed and we added more features to it like competition bookings, etc.

### **1.7.3 Technologies Used**

#### **1. User Interface**

- Programming - JavaScript, AJAX, CSS, HTML5, PHP
- Tools - VS Code
- Database communication through - PHPmyadmin

#### **2. Web Service**

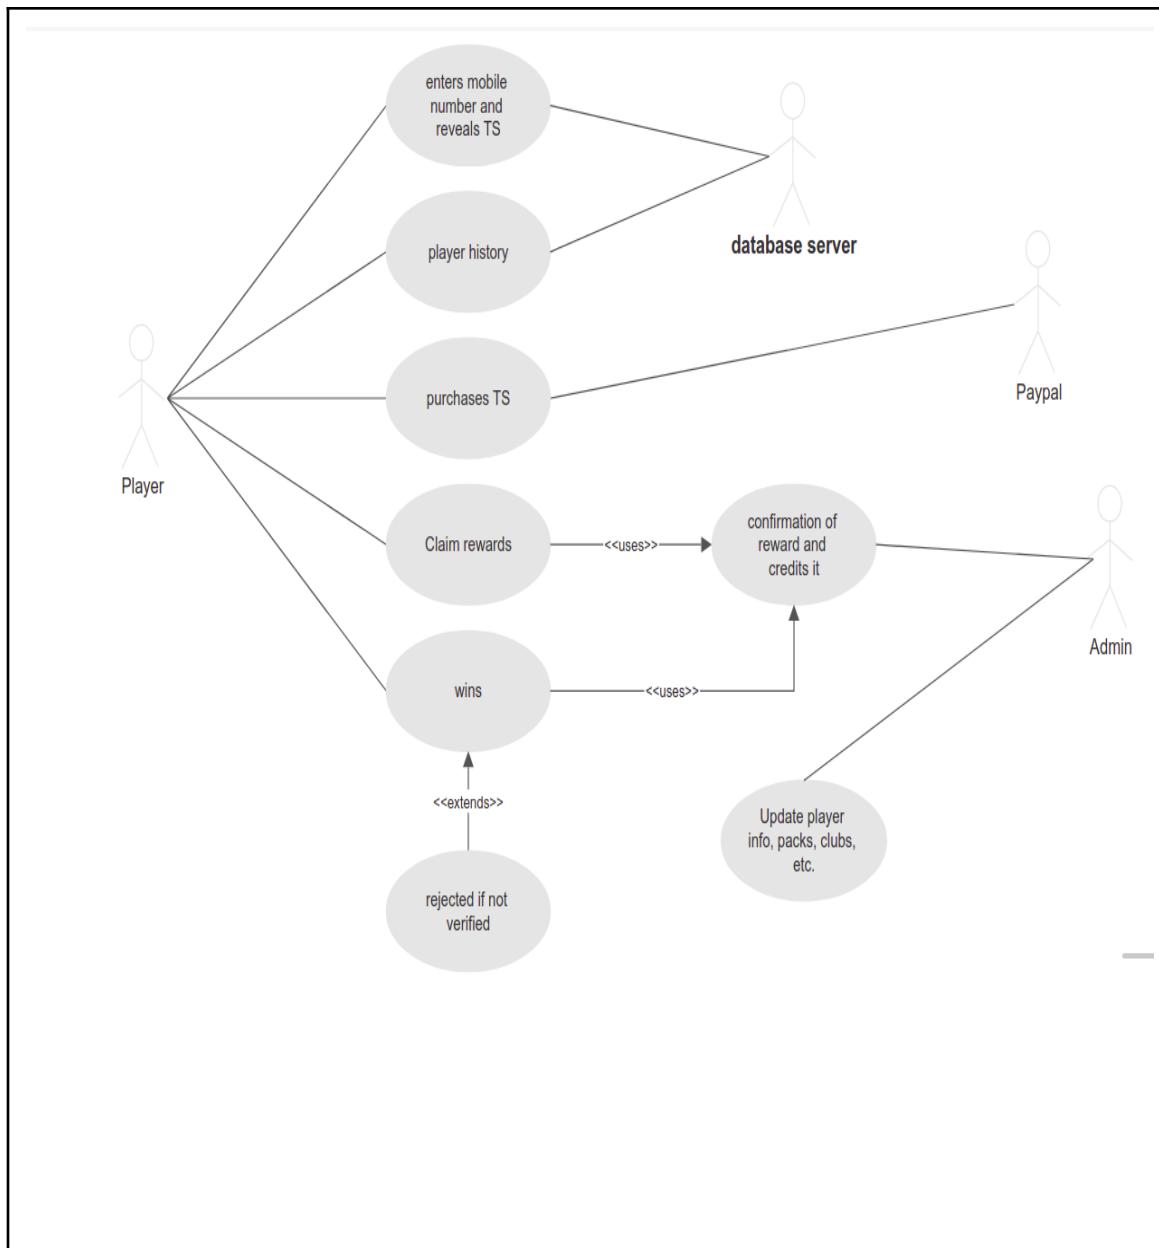

- Runtime Environment - JS
- Tools - VS Code
- Database - MySQL

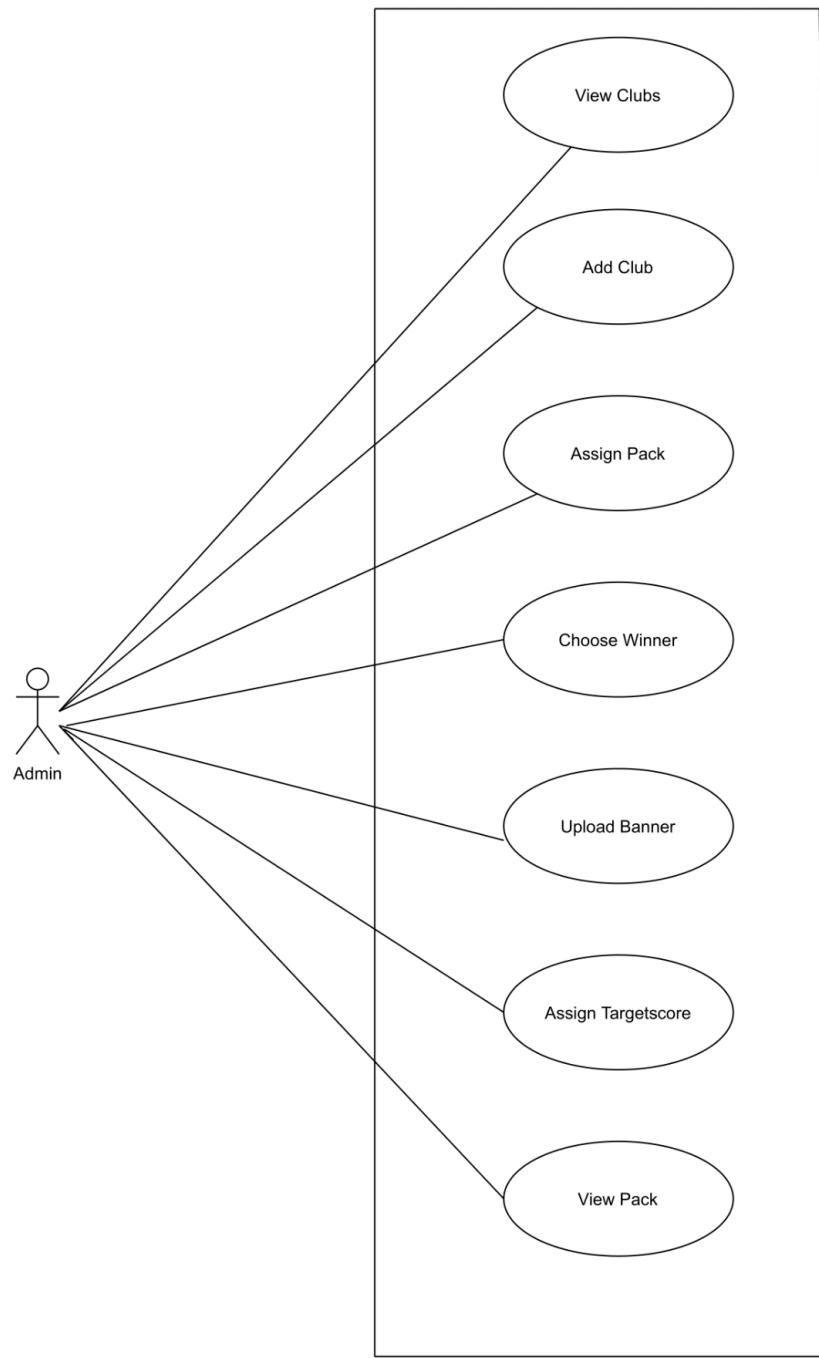

#### **3. Server**

- Hosted on - Bluehost.com (AUD)

## 1.9 User Interface: TargetScores website

The screenshot shows the homepage of the TargetScores website. At the top, there is a navigation bar with links: HOME, WINNERS, LIVE ENTRIES, CONTACT US, FAQ, SPEND, BLOG, and HOW IT WORKS?. Below the navigation bar is a large input field containing the mobile number "437326435". An orange "Go" button is positioned below the input field. A call-to-action text "TWO WAYS TO WIN IN CLUB COMPETITIONS!" is displayed above a promotional banner. The banner features a background image of a golfer and the text "WIN PRIZES MATCHING OR BEATING". A small watermark "Activate Windows Go to Settings to activate Windows" is visible in the top right corner of the banner. The bottom part of the screenshot shows a browser window with the TargetScores URL in the address bar, along with various other open tabs and the Mac OS X dock at the bottom.

HOME WINNERS LIVE ENTRIES CONTACT US FAQ SPEND BLOG HOW IT WORKS?

## FAQS

**1. WHAT ARE TARGET SCORES?**

A Target Score is a score to equal or beat in a club competition between 34 - 41 points to win between \$20-\$500. They are in Stableford format but can be converted to suit other scoring formats. They compliment your club competition giving you an extra way to win a prize.

**2. WHY DO I HAVE TO BUY MORE THAN ONE TARGET SCORE?**

Target Scores come in a Bundle of 9 scores because you are guaranteed to get one of each of the 8 scores plus a random score. The ORDER in which the scores are revealed is a surprise. E.g Comp 1 might reveal 36 points. Comp 2 might reveal 34 points and so on. You have 12 months to reveal all 9 Scores in 9 separate club competitions.

The table below shows the prize ranges for the bundle of 9 and the randomized scores are always between \$20 and \$500.

TARGET SCORE (STABLEFORD)	MINIMUM PRIZE	MAXIMUM PRIZE
34	20	100
35	25	100
36	35	100
37	40	100
38	50	125
39	55	250
40	75	500
41	100	500
Random	20	500

**3. HOW DO YOU DETERMINE MY TARGET SCORE?**

The score you get depends on when you enter and the course, not your handicap! The scores are already sitting in the background, you get the next one on the list for that course! A prize amount is then randomly attached to the score and your score and prize is revealed.

**4. HOW DO THE PRIZES WORK AND REFUNDS?**

The image displays two screenshots of a web application interface, likely a management system for a golf competition.

**Screenshot 1: Assign Scratchy**

This screenshot shows the 'Assign Scratchy' page. On the left is a sidebar menu with various options like Dashboard, Management, Clubs, Assign a Pack, See packs, All Players, Free Entries, Add TS, PayPal Purchases, TS Report, Spend Partners, Claims, Marketing Partners, Spend Options, Spend report, Mystery Amount, and Mystery Submissions. The main content area has a green header bar with the text 'Please fill out the fields below to Assign Scratchy:' followed by a note: 'Important: Please make sure that file is in .xls format (NOT.xlsx). File does not contain multiple sheets. Data should start from first row (i.e columns should not have titles), first column should be amount to win, second column chances, third column score, and fourth column barcode.' Below this are input fields: 'Select Golf Club' (set to 'Surprise Golf Club AUS'), 'Select File' (with a 'Choose file' button and a message 'No file chosen'), 'Code Name' (empty input field), and 'Price' (set to '\$5'). At the bottom is a large yellow button labeled 'Assign Scratchy'.

**Screenshot 2: CMS**

This screenshot shows the Content Management System (CMS) section. The sidebar menu includes links such as 2nd chance draw help, Contact Us, Email, Extras, FAQs, Global Surprise, How it works, Our Team, Privacy Policy, Report a mistake, Spend Page, Terms and Conditions Club, Terms and Conditions Player, and UNEXPECTED STAR OF THE COMPETITION. The main content area is currently empty. At the bottom of the browser window, there is a toolbar with various icons for file operations and system functions.

The image displays two side-by-side screenshots of a web-based Content Management System (CMS) interface, likely for a golf tournament website. Both screenshots show the same overall layout with a left sidebar and a main editing area.

**Screenshot 1 (Top):**

- Left Sidebar:** Titled "GS Admin", it contains a list of administrative tasks and reports, including "Dashboard", "Management", "Clubs", "Assign a Pack", "See packs", "All Players", "Free Entries", "Add TS", "Paypal Purchases", "TS Report", "Spend Partners", "Claims", "Marketing Partners", "Spend Options", "Spend report", "Mystery Amount", and "Mystery Submissions".
- Main Area:** Titled "CMS Editors", shows a form for creating a new page. The "Page Title" field contains "How It works". The content area contains the following code:

```
<div class="col-12 col-sm-12 col-md-12 col-lg-5 col-xl-5 mr-auto my-2 pb-3">
<div class="embed-responsive embed-responsive-4by3 border">
<iframe width="560" height="315" src="https://www.youtube-nocookie.com/embed/_SO_XlAI0E" frameborder="0" allow="accelerometer; autoplay; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>
```

- Buttons:** A "Submit" button at the bottom of the form.

**Screenshot 2 (Bottom):**

- Left Sidebar:** Same as Screenshot 1, titled "GS Admin".
- Main Area:** Titled "CMS Editors", shows a form for creating a new page. The "Page Title" field contains "Email". The content area contains the following code:

```
<p>info@golfsurprise.com</p>
```

- Buttons:** A "Submit" button at the bottom of the form.

**Common UI Elements:** Both screenshots share a top navigation bar with the title "GS Admin Panel - Add a Cl", a search bar, and a news feed. Below the main content is a standard Mac-style dock with various application icons.

The image displays two nearly identical screenshots of a web-based Content Management System (CMS) editor. Both screenshots are titled "GS Admin" and show the "CMS Editors" page. The interface includes a left sidebar with various administrative links such as Dashboard, Management, Clubs, Assign a Pack, See packs, All Players, Free Entries, Add TS, Paypal Purchases, TS Report, Spend Partners, Claims, Marketing Partners, Spend Options, Spend report, Mystery Amount, and Mystery Submissions. The main content area features a form with a "Page Title" field containing "Email" and a text area with the code "<p>info@golfsurprise.com</p>". A "Submit" button is located at the bottom of the form. The top of the browser window shows the URL "https://www.targetscores.com.au/gs/golfsurprise/manage/edit.php?pageid=11" and the title "Golf Surprise - We know". The status bar at the bottom of the browser indicates "Sun Jul 4 05:26:09" and "Overcast clouds, 80.2 °F". The desktop taskbar at the bottom of the image shows various application icons.
